# INTERNATIONAL FORUM FOR GEOINFORMATICS

GI\_Salzburg provides a platform for dialogue among geospatial minds, informing the GeoInformation Society, contributing to a more just, ethical and sustainable society.

It is the annual meeting place for innovation, networking and continuing education from all areas of Geoinformatics.

Interdisciplinary discussions, forward-looking ideas and a personal atmosphere accompany and shape the exchange of science and research, business and application.

- Unique combination of scientific symposium and EXPO
- Time & space for networking & discussions
- Continuing education in workshops and through thematic focus topics
- Program offer especially designed for young scientists
- GI\_Forum Journal as open access publication
